aim2crack.in says

Don't change tab again. Test will get automatically submitted.

OK
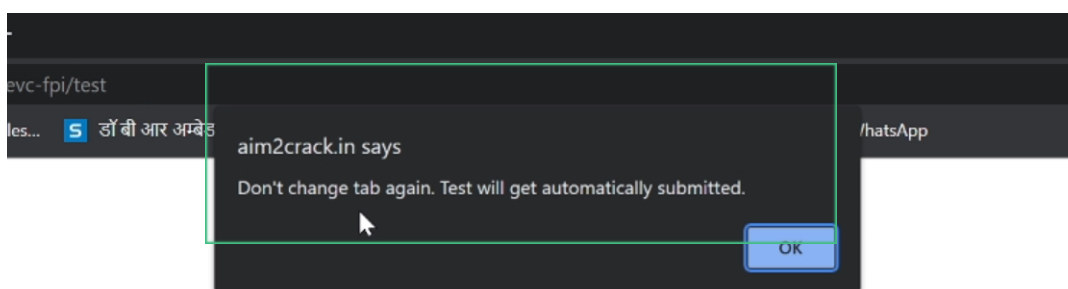

f) Once you finish all the questions. You will be redirected to the feedback page as shown below.

- Once you complete the quiz, you will be able to see the marks scored.

- One can find details about number of questions attempted and number of correct answers

- Result opening time indicates the time at which you will get a detailed explanation for the correct answers.

- One may also submit the feedback for this quiz

Step 6: Viewing the Detailed Result

a) To view the result, Click the **Quizzes -> subjective Quiz** present at the top
   navbar of the website.
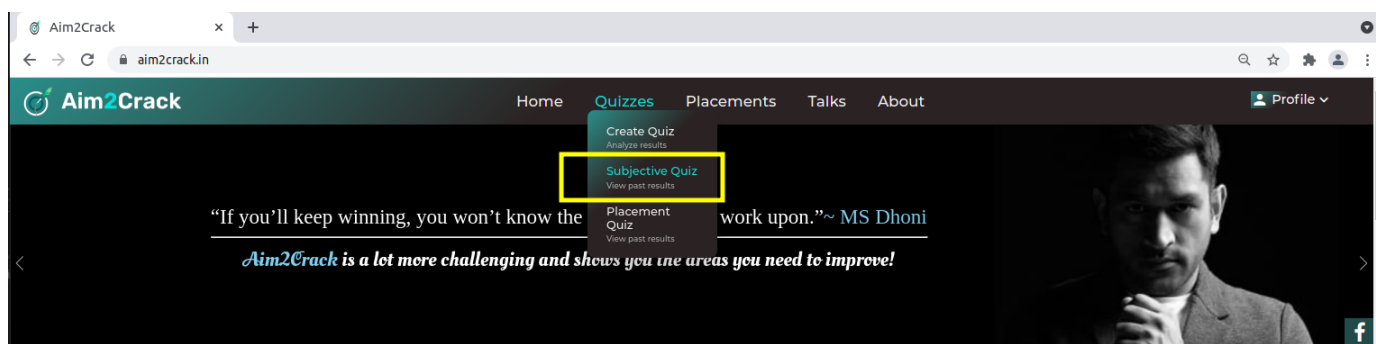

b) You will see the following window on your screen.

c) Click on the quiz for which you want see the detailed result and it will redirect you to the result summary page as given below

- In this page, one can find the correct answer (marked in green) for each question and also the answers you have selected (dot in the bubble). In addition to that, one can find explanations for each of the questions.

We suggest you take some of the placement quizzes to get familiarized with the platform before taking the subject quiz.

Important points to remember

Turn off all notifications in the desktop and don't click on any notification during the test which may result in closing of quiz

Even though one can take test in mobile, user experience will be better with Desktop. Turnoff all notifications in mobile as well during the quiz.

Taking the subjective test on this platform makes you well prepared for the recruitment drive.
